## Spring Fever Is In The Air

The sun is shining, the birds are chirping, the bees are buzzing and people are everywhere! Shopping, gardening, dinner, movies and lots of socializing. Time to get your business in shape for the flood of customers you will have. When was the last time you had a preventative maintenance done on your Point-of-Sale equipment? Its not just your floors, counters and cooktops that get dirty. Printers, Magnetic card readers, touch screens and back office computers can get gunked up and stop working. Give us a call and we'll send out our qualified service technician to take care of those dirty grimmy POS components. With competitive pricing you can't afford not to call.
